

Dear Friend,

### Glasgow meeting and AGM

We are pleased that at last we can announce the date of the long-awaited meeting in Glasgow. We are also taking the opportunity to combine it with our annual AGM. All are invited to attend but only registered members can vote. See our event section below for more details.

### Submission to Holyrood EU enquiry

We have completed our submission to the the Scottish Parliament's European and External Relations Committee inquiry into the United Kingdom's future relationship with the European Union. You can find a link to the download on our website [here](#). You can also visit the [Scottish Parliament's website](#) to see a list of all submissions including ours.

We are very grateful to Orbit Communications who continue to help us with both our media and fundraising campaign. Hopefully some of you will have spotted our latest letter in response to Ruth Davidson's call for a "positive case" for continued EU membership. You can see this and previous letters on our [website](#). If you have ideas or outlines for letters that you would like us to send, please get in touch with me. We are always open to suggestions. Many newspapers allow for comments under letters, so if you don't want to write a letter yourself, why not join in the comments underneath, or even make some positive comments on our letters!

Our administrator would also like to thank all those people who submitted information about the old photographs. All she has to do now is update the photos with the information! If you haven't seen these yet you will need to [click this link](#) to get there as it does not appear on any menus.
